Advancing Aseptic Practices through Innovation, Audit and Research

The Association for Safe Aseptic Practice (ASAP) is pleased to announce its Annual Conference, a gathering of professionals dedicated to enhancing safe aseptic practices across healthcare and related industries. As part of the preparations for this anticipated event, ASAP invites clinical staff, researchers, practitioners, and thought leaders to submit abstracts for posters, showcasing their latest research, case studies, and innovative solutions in the field of aseptic practices.

About the ASAP Annual Conference

ASAP's Annual Conference serves as a platform for sharing knowledge, fostering collaboration and driving advancements in aseptic practices. The event attracts a diverse audience, including healthcare professionals, researchers, policymakers, and industry representatives, all committed to promoting patient safety and improving healthcare outcomes.

Call for Abstracts

Submitting an abstract for a poster provides an opportunity for individuals and teams to share their good work in aseptic practice. The-ASAP encourages submissions from all disciplines, in both the public and private sectors, including but not limited to clinical practice, infection prevention, microbiology and quality assurance.

Examples of Abstract Topics

- Innovations in Aseptic Non Touch Technique (ANTT) and procedure development
- Case studies highlighting challenges and successes in ANTT Implementation and maintenance
- Advances in sterilization technologies and methodologies
- Best practices for infection prevention and control
- Training and education programs for ANTT
- Regulatory updates and compliance strategies
- The impact of ANTT on patient safety and outcomes
